Air Freight

From priority air freight to beat tight deadlines to consolidated air freight for cost efficiency, our customised air freight services have the flexibility to suit any needs. We are strategically located in close proximity to all major Australian Airports.

Sea Freight

With established links to all major sea ports, sea freight can often be a more viable option for your business. Even if your load is less than a full container, we can arrange sea freight consolidations to suit your needs.

Customs and Quarantine Clearance

Our Licensed Customs Brokers provide Clearance of Imported goods via the Australian Customs and Quarantine Services. Our International network of licensed Customs Agents allows us to process clearances all over the World.

Storage, Warehousing and Distribution

Whether you need packing, unpacking, storage or distribution, we can offer cost-effective solutions both locally, nationally and internationally.

Project Management

Trademark Logistics International can assist with project management, over dimensional and break bulk cargo. We can manage trade shows & exhibitions from point to point and meet deadlines any where in the world.

Cartage

We offer prompt Delivery Services for Cargo of all shapes and sizes from Express Air Freight Parcels to LCL and from Standard Trailers and Side Loaders to Heavy Haulage and Low Loaders.

Insurance

We offer Air and Marine Transport Insurance Services via our underwriters Associated Marine.
